

PRODUCT DATA SHEET

AMT10 Benchtop pH Meter

Product Features:

- ❑ AMT10 pH meter is a pH meter which is equipped with stirring system.
- ❑ It adopts new design, large LCD segment screen with clear display.
- ❑ The meter has automatic buffer recognition setting.
- ❑ For user's convenience, the meter increases some necessary protective and reminding functions.
- ❑ The meter is applied for pH and mV measurement in laboratories of university, research

Specifications AMT10

- Measuring range: pH : -2.00~19.99pH; mV: -1999~1999mV (ORP probe optional)
- Resolution : pH: 0.01pH; mV:1mV
- Accuracy : pH: ± 0.01 pH; mV: $\pm 0.1\%$ FS
- Input impedance $\geq 1 \times 10^{12} \Omega$
- Stability : $\pm (0.01 \text{pH} \pm 1 \text{byte})$
- ATC : 0.0~60.0°C
- Stir range : 0-1500RPM
- Dimension : 210×320×90mm
- Weight : 2kg
