

PRODUCT DATA SHEET

AMR319 3 IN 1 Brix & Salinity & Refractive Index

Digital AMTAST AMR319 is a measuring instrument that functions to help users easily measure levels or concentrations of dissolved substances such as Brix and Salinity in food.

This refractometer can provide comfort to users in every use, because this tool has a super simple and simple design. This refractometer also has a wide measurement range, so that the tool can be used in various fields that require it. This refractometer is widely applied in general by users who work in the sugar industry, etc. This refractometer can also be held in the hand so it is easy to carry anywhere. With this tool, users can take measurements anywhere indoors or outdoors.

Feature:

- Measurement Units: Brix, Salinity, Refractive Index
- Range: Brix: 0.0~50.0%, Salinity: 0.0~28.0%; RI: 1.3330-1.4200nD
- Resolution: Brix/Salinity: 0.1%, RI : 0.0001nD
- Accuracy: Brix/Salinity: $\pm 0.2\%$; RI: $\pm 0.0003\text{nD}$
- Temperature Compensation: ATC 10~60°C
- Auto Shut-Off: after 1 minutes
- Idle sample volume: 0.5ml
- Usage Environment: 10~40°C
- Power: 1.5V x 1 AAA Alkaline
- Size: 58 x 25 x 121mm
- Weight: 90g without battery.
