

PRODUCT DATA SHEET

DF-009 Water Hardness test strip

The Total hardness is measured in both 0-1,000 ppm making it a perfect tool to check the water hardness.

100 pcs high-quality test strips provide a cost-effective way to regularly test your water softener, aquarium, pool and spa water.

Save time and get the test results within seconds. No need to visit a hardware store or wait for someone else to check the quality of your water.
